

**Ministry of the Environment, Climate Protection and the Energy  
Sector Baden-Württemberg**

DIALOGUE

## Get in touch with our Press Office!

Do you have any questions to ask or comments to make?

You can contact the press office at the Baden-Württemberg Ministry of the Environment, Climate Protection and the Energy Sector here direct. A copy of your request shall be sent to your email address.

Your data and the subject of your request are treated in confidence. We exclusively store them so that we can contact you and process your requests. Should the processing necessitate the involvement of another ministry or a [subordinate department](#), a district administration or a municipal authority, then we also forward the request to these. Should a request be the responsibility of another ministry, then it is possible that we shall forward the stated personal data and the subject of your request to the responsible ministry for further processing. This is based on [§ 4 of the Land Data Protection Act \(LD SG\)](#). Please inform us should you not consent to these being passed on.

After your request has been dealt with, either the data are erased or they can be placed on file pursuant to the valid data protection regulations should this be a matter that is records-related so that records can be kept. You can object to your data being processed but it is then possible that it shall not be possible to deal with your request.

You can read the [Ddata protection regulations](#) and [the information regarding data processing in connection with press inquiries](#) at all times.

Fields that are marked \* are mandatory.
