

Easing of restrictions with four incidence levels

Further relaxations will come into force from **28 June 2021**. Easing of restrictions take effect after 5 days in the lower incidence level, stricter restrictions after 5 days in the next higher incidence level.

Date: 28/06/2021

As a general rule:

Keep your distance

Practice hygiene

Wear a medical mask

Use the Covid app

Ventilate regularly

Mandatory wearing of medical mask from 6 years of age remains in place generally.

Exceptions:

- » Children up to and including 5 years
- » Persons who cannot wear a mask for health reasons (medical certificate required)
- » Indoors at private meetings, private celebrations, in restaurants, canteens and cafeterias when eating and drinking and when exercising.
- » Outdoors only if the minimum distance of 1.5 metres to other persons can be permanently maintained

Rapid tests and self-testing (required for certain services and offers) must not be older than 24 hours.

- » Free citizen tests or offers from employers, schools and service providers can be used for this purpose.
- » Persons to be tested may perform a rapid test approved for laypersons on themselves under supervision (e.g. by service providers or employers) and have it certified.
- » Students can present a negative test certified by the school (max. 60 hours old).
- » For asymptomatic children up to and including five years of age, testing is not compulsory.

Legend

Proven to have been vaccinated or tested or to have recovered

Data processing required

Hygiene concept required

Additional mandatory wearing of mask

Areas of life	Incidence level 1 (under 10)	Incidence level 2 (10 to 35)	Incidence level 3 (35 to 50)	Incidence level 4 (over 50)
